

CHOOSE YOUR OWN FANTASY

Begin by identifying a situation you face that is particularly daunting or challenging.

Imagine being at some point in the future looking back on this time as having turned out to be your finest hour.

ENVISION YOUR FINEST HOUR

- 1. What was it about your approach that made it your finest hour?*
 - 2. What would you have done that allows you to look back with gratitude and pride, maybe even amazement at how this situation brought out the best in you?*
 - 3. What steps did you take to understand the situation fully?*
 - 4. What resources would you have engaged? How would you have made the most of “all you have on board?”*
 - 5. How would you have developed a variety of solutions to choose from?*
 - 6. How would you have made informed decisions for when, how, and why to move forward?*
 - 7. How would you have learned and iterated along the way, using successes and failures as part of the process to create your ultimate triumph?*
